Waste Electrical and Electronic Equipment (WEEE) is taken back free of charge on a one-for-one, like-for-like basis.

Waste batteries including rechargeable batteries are taken back free of charge. You are not obliged to make any purchase when returning old batteries.

Each local authority must also accept household WEEE and small batteries free of charge at its recycling facilities.

All WEEE and waste batteries must be recycled and should not be placed in any of your household wheelie bins. Make sure you always recycle all your old electrical goods and batteries.
